The Index for Food and Non-Alcoholic Beverages decreased from 121.7 in June, 2004 to 121.1 in July, 2004, a decrease of 0.5%. Contributing significantly to this decrease was a general fall in the prices of whole chicken, mangoes, tomatoes, ochros, carrots and celery. Price changes in this section accounted for a net overall decrease of 0.1 point in the All Items Index.

FOOD AND NON-ALCOHOLIC BEVERAGES:

The Index for Food and Non-Alcoholic Beverages increased from 121.1 in July, 2004 to 122.7 in August, 2004, an increase of 1.3%. Contributing significantly to this increase was a general rise in the prices of powdered milk, whole chicken, hot peppers, dasheen, sweet potatoes, oranges and cucumbers. Contributing significantly to the partial offsetting of these increases were general price decreases in tomatoes, fish (Carite and King fish), shrimp, ochroes and carrots.

Price changes in this section accounted for a net overall increase of 0.3 point in the All Items Index.

OTHER SECTIONS

A further review of the data for August, 2004 compared with July, 2004 indicated increases in Alcoholic Beverages and Tobacco, 0.5% and Health 0.3%. However, general price decreases were noted for Clothing and Footwear, 0.2%.

Price changes in these sections, for the month of August, 2004, had a negligible net overall effect in the All Items Index.
