IN 1996 the Government of the Republic of Trinidad and Tobago (GORTT) through the Ministry of Agriculture, Land and Marine Resources accessed loan funding from the Inter-American Development Bank (IDB) to assist in the implementation of an Agriculture Sector Reform Programme—Technical Assistance Programme (ASRP—TAP), IDB Loan No. 882/OC—TT. The ASRP—TAP was designed to implement a range of policy and institutional reforms aimed at enhancing the performance of the agricultural sector.

One of the major areas of action under the ASRP—TAP is Land Use Policy and Administration, which is aimed at improving the management of State Lands and the functioning of the overall land market in Trinidad and Tobago.

As part of the Land Use Policy and Administration Component of the ASRP—TAP, the Government is undertaking a series of projects to strengthen the Lands and Surveys Division as well as improve the surveying profession in Trinidad and Tobago. In this regard, the GORTT is proposing to undertake a project in the Lands and Surveys Division of the Ministry of Agriculture, Land and Marine Resources aimed at restoring and protecting survey plans, maps, diagrams and other documents in the Vault of the Lands and Surveys Division of the Ministry.

The project is also aimed at implementing an effective records management system in order to prevent further deterioration of the records. The project will involve the physical restoration of plans and other relevant documents and the provision of technical assistance and institutional strengthening in order to ensure the successful implementation of the records management system.
