APPENDIX

Corporation Tax Amendment

The 2014 amendment of the Corporation Tax Act Section 3 subsections 2 and 3, as it relates to the SME market is as follows:

In the case of a SME listed company, the rate of tax shall be ten per cent for the first five years from listing on the Trinidad and Tobago Stock Exchange and thereafter at the rate of tax specified in paragraph 1 of the First Schedule where –

- (a) a minimum of twenty-five unconnected shareholders own a total of at least thirty per cent of the new issued share capital of the company; and*
- (b) capital is raised with the issuance of an initial public offering to be followed by a listing on the Trinidad and Tobago Stock Exchange no more than sixty days after allotment of the issue.*

In subsection (s), “SME listed company” means a Small and Medium Enterprise company listed on the Trinidad and Tobago Stock Exchange, namely a company whose-

- (a) minimum issued share capital is five million dollars and a maximum issued share capital does not exceed fifty million dollars following the initial public offering;*
- (b) minimum and maximum capital base comprises of issued share capital only and does not include retained earnings and accounts transferred from such issued share capital or retained earnings to a reserved account; and*
- (c) minimum number of unconnected shareholders is twenty-five.*

Proposed Amendments to the SME Listing Requirements

Public Distribution

Following the initial public offering, the issuer must have a minimum of 25 unconnected shareholders holding at least 30% of the new issued share capital of the company. In this instance, “new and issued share capital” is interpreted as, the SME adding new shares to its existing issued share capital, where 30% of these new shares must be held by a minimum of 25 unconnected shareholders. For the purpose of this requirement, an unconnected shareholder means a person who is not connected to the reporting issuer. A definition for a person connected to a reporting issuer is outlined in Section 4(3) of the Securities Act 2012.

Capital Base

The issuer must have a minimum issued share capital of TT\$5,000,000.00 and the maximum issued share capital must not exceed TT\$50,000,000.00 following the initial public offering. The minimum and maximum capital base comprises of issued share capital only and does not include retained earnings and accounts transferred from such issued share capital or retained earnings to a reserved account.
